

design, engineering and production  
provider of seafood processing solutions

1907 – 2017

**110 Years in service for the industry**

# BJØRDAL

## products, solutions and services

### Fishery

Filet processing

HG processing

Shellfish processing

Cool and Freeze  
processing

### Aquaculture

Fish farming  
Net washing units  
Various water  
purification solutions

Shore production  
plants  
Smolt sorting  
solutions

### Construction

Research, design and  
development  
(R&D)

Engineering and  
workshop deliveries  
(3D)

### Service

After sales

Service and  
maintenance

Spareparts

New water cutting machine

Service work shop for processing machines

New environment friendly acid cleaning system

2016 – 3000 sqm with factory and 500 sqkm office space
